

Paul Lake
2019 Recipient of the Canadian Animal Health Institute
Recognizing Its Leaders Award

Guelph, Ontario
July 11, 2019

Paul Lake, Chairman and Founder of Bio Agri Mix was recently presented with the Canadian Animal Health Institute's (CAHI) internal "Recognizing Its Leaders Award" for his significant contributions to the Canadian animal health industry by providing guidance as a Board member and making a significant contribution to the safe disposal of animal health products.

"Paul is respected by his colleagues and has built strong relationships within Canada's food animal sector", said CAHI President Jean Szkotnicki. "As an innovator and a strong advocate of the CAHI, Paul demonstrates the qualities of the best of the best in animal health industry leadership."

Upon receiving the award, Paul expressed his thanks to the board of directors of the CAHI for recognizing his contributions. "I am very humbled and honoured to receive this award", he said. "The Canadian animal health industry is unique being both a small and a diverse market and this recognition from my peers means a lot."

Paul has demonstrated his leadership and commitment to CAHI by serving on the board of directors and acting as Chair from 2011 to 2014. Working in partnership with Cleanfarms, CAHI supports responsible, free-of-charge collections and disposal of obsolete or unwanted animal health products from farmers and horse owners. Both as the CAHI representative on the Cleanfarms board of directors, and through his business practices, Paul has been an integral supporter of environmental stewardship and the responsible management of animal health products throughout their entire lifecycle. His quiet perseverance and passion for the animal health industry have made him a

leader, both in Canada and internationally, in animal health product manufacturing. Paul's willingness to proactively address new challenges through action and policy initiatives has made him a true leader.

The [Canadian Animal Health Institute](#) is the trade association representing the manufacturers and distributors of animal medications in Canada. This internal award was created to recognize the significant contributions made by its individual members through exemplary contributions to the CAHI and its objectives.

[Bio Agri Mix](#) is a Canadian owned and operated leader in medicated feed additives. For over 30 years it has supplied feed mills and producers with the quality products they need to improve health including feed medications, disinfectants, water solubles, feed enzymes, anthelmintics and parasiticides.
